EDUCATION

KL Deemed to be University **India**
B.Tech, Computer Science and Engineering; GPA: 9.18 *May 2026*

Narayana Junior College **India**
Board Of Intermediate Education; Grade: 96.3 *Completed*

Narayana ENB-1 High School **India**
Board of Secondary Education; Grade: 99.6 *Completed*

TECHNICAL SKILLS

Programming Languages: Python, C, Java, Data Structures, React JS
Tools Technologies: Eclipse, IntelliJ IDEA, Git, Maven, Gradle, JUnit, AWS

ACADEMIC PROJECTS

- **Student Course Management System (Jan 2023 – Mar 2023)**: Built a predictive model using React.js, MongoDB, AngularJS, and other technologies.
  - Engineered a course management system for 200+ students and 10 instructors, increasing course tracking efficiency by 40%.
  - Created real-time data processing and an interactive UI using React.js and AngularJS, reducing page load times by 35%.
  - Integrated MongoDB for efficient storage and retrieval with under 200ms query latency.
  - Collaborated with a team of 3 to ensure agile delivery within 3 weeks.
- **E-Survey Web Application using Django (Jan 2024 – Apr 2024)**: Constructed a survey-based web application using Django and React.
  - Developed user authentication and role-based access control for 150+ active users ensuring 100% data security compliance.
  - Built survey creation and analytics features, enabling insights from 500+ responses collected in pilot testing.
  - Deployed on AWS achieving 99.9% uptime and scalability to handle 100 concurrent users seamlessly.
  - Automated CI/CD pipeline with GitHub Actions, reducing deployment time by 50%.
- **Interaction between Citizen and Politician (Feb 2024 – May 2024)**: Created a full-stack web application using Spring Boot and MySQL.
  - Architected a communication platform for 300+ citizens and local politicians, improving response rates by 60%.
  - Programmed secure user authentication and messaging features, ensuring encryption compliance and reducing risks by 90%.
  - Launched on AWS with zero downtime during testing phases.
  - Conducted unit and integration testing with 95% code coverage for production readiness.

CERTIFICATIONS

- AWS Certified Cloud Practitioner (Verify)
- Red Hat Certified Enterprise Application Developer (Verify)

EXTRACURRICULAR ACTIVITIES

- **Smart Village Revolution Member (Jan 2024 – Present)**: Participated in Smart Village Revolution improving rural infrastructure.
  - Resolved 10-14 infrastructural and digital literacy problems for the adopted village.
  - Mentored 5+ junior students in basic coding, enhancing their technical foundation.
  - Conducted workshops on digital tools for 40+ villagers to enhance daily productivity.
